

03 December 2018

## ACEA 2016 COMPLIANCE UPDATE

- **As required in the ACEA European Oil Sequences 2016, compliance is mandatory from 1 December 2018.**  
**However, some errors have been reported in the ACEA 2016 document published on the ACEA website. This will be corrected with a ACEA 2016 Rev. 2 publication.**
- **ACEA agrees that, until the ACEA-2016 Rev. 2 is published, compliance is reviewed post publication (no more than 3 months).**
